

AMS

APPAREL MANUFACTURING SYSTEM

WHY

EXPLANATION

IT'S NOT JUST ANOTHER INFORMATION SYSTEM.

IT'S YOUR FUTURE.

Reliant Business Systems, Inc. provides a "Total" line of business software solution for the apparel manufacturer, importer, or supplier. Our system experts can show you step by step how to benefit from our software solutions, offering your business unlimited access to line of business critical information. In areas of financial management, production control, sales analysis, forecasting and executive decision-making, RBS offers you option based system and solutions to meet your special requirements with a client support center to offer training, installation, phone support, remote diagnostic and a 24-hour hot line number. We work when you work.
